New Delhi, the 30th October 1965

- G.S.R. 1638.—The following draft contain Rules to amend the Indian Merchant Shipping (Life-Saving Appliances) Rules, 1956, published with the notification of the Government of India No. S.R.O. 333, dated the 12th January, 1957, which the Central Government proposes to make, in exercise of the powers conferred by section 288 of the Merchant Shipping Act, 1958 (44 of 1958), is hereby published as required by sub-section (1) of the said section for the information of all persons likely to be affected thereby and notice is hereby given that the draft will be taken into consideration on or after the 30th November, 1965.
- 2. Any objections or suggestions which may be received from any person with respect to the said draft before the date specified will be considered by the Central Government.

Draft Amendments

- 1. These rules may be called the Indian Merchant Shipping (Life Saving Appliances) Amendment Rules, 1965.
 - 2. In the Indian Merchant Shipping (Life Saving Appliances) Rules, 1965:-
 - (i) in rule 2, after clause (5), the following clause shall be inserted, namely:—
 - '(5A) 'Class C boat' means a boat complying with the provisions of Part III of the Third Schedule to these rules'.
 - (ii) for rule 15, the following rule shall be substituted, namely:— "15, Ships of Class XI—
 - (1) In this rule---
 - (i) "fair weather season" means-
 - (a) in the Arabian Sea, the season from the 22nd November to the 25th May and the season from the 1st September to the 20th October;
 - (b) in the Bay of Bengal, the season from the 1st December to the 31st May and the season from the 16th August to the 30th September.
 - (ii) "foul weather season" means-
 - (a) in the Arabian Sea, the season from the 26th May to the 31st August, and the season from the 21st October to the 21st November,
 - (b) in the Bay of Bengal, the season from the 1st June to the 15th August and the season from the 1st October to the 30th November.
 - (iii) "Ship" means a ship of Class XI.
 - (2) Every ship of 145 feet or more in length shall carry either—
 - (a) at least two lifeboats attached to davits so arranged that there is at least one lifeboat on each side of the ship, the lifeboat or life boats

on each side of the ship being of sufficient aggregate capacity to accommodate all persons on board the ship; or

- (b) a Class C boat attached to a davit and at least two approved inflatable liferafts of sufficient aggregate capacity to accommodate twice the number of persons on board and so stowed that they can be readily transferred to the water on either side of the ship.
- (3) Every ship under 145 feet but not under 115 feet in length shall carry, attached to davits, a lifeboat of sufficient capacity to accommodate all persons on board the ship and shall also carry approved inflatable liferafts or approved buoyant apparatus of sufficient aggregate capacity to accommodate or support, as the case may be, all persons on board and so stowed that they can be readily transferred to the water on either side of the ship.
- (4) Every ship under 115 feet but not under 80 feet in length shall carry a class C boat so stowed that it can be readily placed in the water on either side of the ship and shall also carry approved inflatable liferafts or approved buoyant apparatus of sufficient aggregate capacity to accommodate or support, as the case may be not less than one and a half times the number of persons on board and so stowed that they can be readily transferred to the water on either side of the ship.
- (5) Every ship under 80 feet but not under 40 feet in length plying during foul weather season shall carry a Class C boat or approved inflatable liferaft of sufficient capacity to accommodate all persons on board the ship, so stowed that it can be readily transferred to the water on either side of the ship.
- (6) Every ship under 80 feet but not under 40 feet in length plying during fair weather season shall carry a Class C boat or approved inflatable liferafts or approved buoyant apparatus of sufficient aggregate capacity to accommodate or support as the case may be, all persons on board and so stowed that they can be readily transferred to the water on either side of the ship.
- (7) Every ship of 100 feet or more in length shall carry at least four approved lifebuoys, and every ship under 100 feet in length shall carry at least two approved lifebuoys. At least one of the lifebuoys required to be carried shall be fitted with a self-igniting light which cannot be extinguished in water.
- (8) Every ship other than a ship under 40 feet in length plying during fair weather season only, shall carry one approved lifejacket for each person on board.
- (9) Nothing in this rule shall apply to dug-out canoes of any length provided that such canoes are provided with a life line becketted at quarter lengths on each side from forward and aft and do not engage in fishing during the foul weather season."
- (iii) In the Third Schedule the following Part shall be added at the end, namely:—

"Part III

(See rule 15)

Class C Boats

- 1. Every Class C boat shall be an open boat constructed with rigid sides.
- 2. The boat shall be of such form and proportions that it shall have ample stability in a seaway and sufficient freeboard when loaded with the greatest number of persons for whom scating is provided and with its full equipment.
 - The length of the boat shall be at least;
 - (a) 18 feet for a ship whose length is 145 feet or more;
 - (b) 17 feet for a ship whose length is 115 feet or more but less than 145 feet;
 - (c) 16 feet for a ship whose length is 80 feet or more but less than 115 feet;
 - (d) 14 feet for a ship whose length is 40 feet or more but less than 80 feet.
- 4. All thwart and side seats in the boat shall be fitted as low in the boat as practicable and bottom boards shall be fitted.

- 5. The boat shall be square-sterned and shall have a mean sheer at least equal to five per cent. of its length.
- 6. The boat shall be fitted with internal buoyance appliances which shall be so placed as to secure stability when the boat is fully laden under adverse weather conditions.
- 7. The internal buoyance appliances shall consist either of air cases constructed of copper or muntz metal of not less than 18 ounces to the superficial foot, or of other equally suitable material.
- 8. The total volume of the internal buoyancy appliances in a wooden Class C boat shall be at least equal to seven and one-half per cent, of the cubic capacity of the boat which shall be determined in accordance with paragraph (9) of the Second Schedule.
- 9. The buoyance of a Class C boat which is made of any material other than wood shall be not less than that required for a wooden Class C boat of the same cubic capacity and the volume of the internal buoyance appliances shall be increased accordingly.
- 10. The minimum number of persons for whom seating shall be provided shall be equal to the greatest number obtained by dividing by thirteen and one-third the cubic capacity of the boat in cubic feet."
